Postdoctoral position in physical/bioanalytical chemistry

A postdoctoral position is available in the group of Prof. Thomas Rizzo at the Ecole Polytechnique Fédérale de Lausanne (EPFL), Switzerland.

This position is funded by an ERC grant for a project that combines cryogenic ion spectroscopy with mass spectrometry and ion mobility for high-throughput analysis of glycans.\(^1\)\(^-\)\(^3\) We are looking for a highly motivated individual with a PhD in chemistry or biochemistry and preferably with some experience in LC-MS analysis of glycans. You will be part of a team of physicists and chemists who are designing new laser-based analytical techniques and instrumentation.

We provide a stimulating and international environment as well as state-of-the-art facilities and infrastructure.

Candidates should send a letter of motivation, a cv, a brief summary of their PhD research, and contact details of at least two referees by email to thomas.rizzo@epfl.ch.
